

SHREYA YADAV

Quality Analyst | Software Testing

s8reya@gmail.com | 7508486221 | GitHub: shr5ya | LinkedIn

SUMMARY

Quality Analyst with hands-on experience in manual and functional testing of enterprise web applications across 7+ modules. Skilled in test case design and execution, functional and regression testing, UI validation, defect tracking using TFS, and backend data validation using SQL Server. Familiar with SDLC, STLC, Agile, and defect life cycle.

EXPERIENCE

Vertex Infosoft Solutions Pvt. Ltd., Mohali

May 2026 – Present

Quality Analyst

- Perform manual and functional testing across **7+ enterprise application modules**, validating business workflows, UI behavior, data accuracy, and functional requirements.
- Design and execute **test cases** and perform functional, regression, smoke, sanity, and retesting cycles for new features and defect fixes.
- Identify, document, and track defects using **TFS**, including reproduction steps, expected vs. actual results, severity, and supporting evidence.
- Perform **UI and end-to-end workflow testing** across procurement and related business modules.
- Validate backend data using **SQL queries in Microsoft SQL Server** and collaborate with developers and team leads in an **Agile environment**.

TECHNICAL SKILLS

Software Testing: Manual Testing, Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, Retesting, UI Testing, Exploratory Testing, Test Case Design, Test Execution, Defect Reporting

QA & Methodologies: SDLC, STLC, Agile, Black Box Testing, Requirement Analysis, Functional Validation, Release Validation

Database: SQL, Microsoft SQL Server, MongoDB, Supabase

Tools: TFS, Postman, Git, GitHub, Docker

Programming & Web: Java, Python, JavaScript, HTML, CSS, React.js, Node.js, Express.js

EDUCATION

Chitkara University

Bachelor of Engineering – Computer Science Engineering

2022 – 2026

Rajpura, Punjab

Govt. Model Senior Secondary School, Sector 27-C

Class XII – CBSE, 71.4%

2021 – 2022

Chandigarh

Little Flower Convent School

Class X – ICSE, 81.2%

2019 – 2020

Panchkula

PROJECTS

ATOM – Mental Health Ecosystem

React.js, Tailwind CSS, Supabase

- Developed a responsive mental-health platform featuring AI-powered support, self-assessment tests, community features, and wellness tools.
- Designed and executed test cases to validate critical user flows, UI functionality, and overall application behavior.

StackRaze – Developer Community Platform

MERN Stack

- Developed a developer community platform with peer connections, community discussions, hackathon team discovery, and real-time chat features.
- Tested key workflows and application functionality to identify defects and validate reliable user interactions across the platform.

CERTIFICATIONS

- The Complete 2026 Software Testing Bootcamp** – Udemy, 2026
- Software Product Management Specialization** – University of Alberta – Coursera, 2026
- IBM Applied DevOps Engineering** – IBM – Coursera, 2025
